# DeftBrain

**deft** *(adj.)* — skillful, nimble, clever.

Interactive guidance for life's awkward, confusing, and curious moments.

deftbrain.com

Each tool is designed to help you understand a particular situation, prepare for it, and weigh your choices. Free to use, no sign-up.

## Home & Daily Life

- **Bike Medic**
  Figure out what's wrong with your bike and how to fix it
- **Contract Decoder**
  Understand what you're agreeing to before you sign.
- **Final Wish**
  Proactively organize your end-of-life wishes and messages to loved ones
- **LaundroMat**
  What to wash, how to wash it, and what to do when things go wrong
- **Lease Trap Detector**
  Find predatory clauses hiding in your lease
- **Paperwork Path**
  Marriage, inheritance, moving, having a baby: the documents that matter!
- **Plant Rescue**
  Figure out what's wrong with your plant and how to save it
- **Recipe Chaos Solver**
  Rescue a recipe gone wrong and look like a pro!
- **Renter's Deposit Saver**
  Protect your security deposit on move-in day
- **Roommate Court**
  Settle roommate issues fairly and amicably
- **Safe Walk**
  A safety plan for walking somewhere alone

## Travel & Events

- **Hobby Match**
  Discover hobbies you didn't know existed.
- **Layover Maximizer**
  Turn dead time into a memorable part of your trip

## Relationships

- **Culture Briefing**
  Know before you go — cultural intelligence for any destination
- **Date Night**
  Plan a special evening without hours of searching
- **Giftology**
  The perfect gift for the hardest person to shop for.
- **Party Architect**
  Host events people actually remember.

## Money

- **Bill Rescue**
  Ways to lower, dispute or manage a bill you can't afford
- **Buy Wise**
  Investigate a potential purchase before you commit
- **Fake Review Detective**
  Spot fake reviews before you get burned
- **Money Diplomat**
  The right number for every money moment — tips, splits, gifts, salary
- **Quote Check**
  Know what you're paying for before you approve the repair.
- **Scam Radar**
  Spot the warning signs before you click, pay, or reply.
- **Upsell Shield**
  Prepare yourself to withstand a sales pitch

## Career and Business

- **Before Hello**
  Get on someone's radar before you ask them for anything
- **Brag Sheet Builder**
  Turn your accomplishments into wins for reviews and raises
- **Caption Magic**
  Find the words that fit the photo.
- **Cold Open Craft**
  Make the first message easier to send — and easier to answer.
- **Concept Coach**
  Stress-test your business idea before you invest time or money
- **Future Proof**
  Stress-test a career, a major decision or long-term bet before you commit
- **Get Noticed**
  Widen the circle of people who know what you do
- **Ghost Writer**
  Your writing advisor for recommendation letters.
- **Heckler Prep**
  Prepare for the hardest questions before your talk or presentation
- **Justify My Meeting**
  Evaluate the necessity of a meeting
- **Leverage Logic**
  Know where you stand before you negotiate
- **Meeting Hijack Stopper**
  A plan for the meeting—and the moments that could derail it.
- **Name Audit**
  Stress-test any name before you commit
- **Name Storm**
  Name anything. Know it works before you commit.
- **Roast Me**
  Submit your profile, resume, email, tweet, etc. and get an honest (and funny) assessment
- **Skill Gap Map**
  What skills do you need to improve or enhance for a new role?
- **The Debrief**
  The meeting ended. Now figure out what actually happened.
- **The Run-Through**
  Presentation coach in your pocket.
- **The Whole Story**
  Frame your real story for any audience — honest but strategic

## Health & Wellness

- **Before the Crash**
  Learn what tends to happen before you run out of steam
- **Brain Dump Buddy**
  Everything in your head → one clear next step
- **Brain State Deejay**
  Music that moves you from where you are to where you need to be.
- **Chaos Pilot**
  Figure out what matters now — and what can wait
- **Doctor Visit Prep**
  Walk in prepared — because fifteen minutes goes by quickly.
- **Document Detective**
  Paste the document. Find what matters to you.
- **Dream Pattern Spotter**
  Find recurring themes and emotional patterns in your dreams
- **Focus Pocus**
  Get something done without disappearing into it
- **Focus Sound Architect**
  Customized background sounds to help you focus
- **Gentle Push Generator**
  Micro-challenges just outside your comfort zone
- **GriefGuide**
  Compassionate guidance for navigating loss — yours or someone else's
- **Lazy Workout Adapter**
  Low-barrier movement that meets you where you are
- **Mental Health Navigator**
  Find the right support for what you're going through
- **Name That Feeling**
  There's a word for that. Let's find it.
- **PEP — Personal Energy Planner**
  Take command of your available energy
- **Pet Behavior Decoder**
  Weird, normal, or worth a vet call?
- **Procedure Probe**
  Deep-dive into a medical procedure before you decide

**Sleep Architect**
Better sleep, one useful experiment at a time.

**Social Battery Advisor**
Learn which interactions affect your energy — and what makes the difference.

**Task Avalanche Breaker**
Find one foothold in a project that feels too big to start

**Trip Recon**
Know unpleasant realities before you go

**Virtual Body Double**
Work together. Even when you're working alone.

**Waiting Mode Liberator**
Be productive during unavoidable waiting times

## Conversations

**Analogy Engine**
Explain anything to anyone — using their world.

**Argue Smarter**
Test your ideas against the strongest criticism you can find

**Awkward Silence Filler**
Context-appropriate things to say when a conversation stalls

**Comeback Cooker**
The comeback you wish you'd said, ready for next time

**Complaint Escalation Writer**
A clear plan for when a company stops answering

**Conflict Coach**
Reply to a heated message without making it worse

**Context Collapse**
See how different people will read the same message — before you send it

**Decoder Ring**
What a confusing message might really mean

**Difficult Talk Coach**
Practice hard conversations before they happen

**Doctor Visit Translator**
Turn medical jargon into plain English

**Email Urgency Triager**
Find out what actually needs a reply today

**Gratitude Debt Clearer**
Turn what happened into the thank-you you've been meaning to send.

**Magic Mouth (M²)**
Ask for the unlikely—and get it!

**Mend**
Match your apology to the actual harm caused

**Nerve Check**
Preparation toolkit for interviews, presentations, hard conversations, dates, and more

**Read the Room**
Recognize and navigate social interactions with aplomb

**The Final Word**
Arguments settled. Facts checked. No appeals.

**Toast Writer**
Toasts, speeches, and tributes that sound like you.

**Truth Bomb**
Consider the benefits of opening up about something you've been hiding

**Velvet Hammer**
Say the hard thing without losing the point.

**What's My Vibe?**
See the patterns hiding in the way you write.

**What's That Mean?**
Explains idioms, slang, jargon, metaphors, euphemisms, regional expressions, cultural references and more.

## Learning

**Heart of the Matter**
Find what matters in something long.

**Missing Link**
Stuck on a concept? We'll find where your understanding broke.

**Plain Talk**
Explains any text—and its structure—in plain language

**Pronounce It Right**
Know how to say it before you have to.

**Research Decoder**
Understand the research without becoming a researcher.

**Signal vs. Noise**
Are commonly known "facts" really true?

**Someone Said It Better**
Find a quote that says what you mean

## Just for Fun

**Belief Stress Test**
Test your beliefs: where they hold, where they break

**Bookmark**
Catch up on a book, a show, a sports match or a season without spoilers

**Brain Roulette**
A custom random rabbit hole to learn something new

**History Today**
Identify historical parallels to modern events

**Markup Detective**
Why does this cost that? Follow the money.

**Micro-Adventure Mapper**
Turn a free hour into a small adventure

**Plot Hole Finder**
Find where the story stops adding up

**Six Degrees of Me**
Discover the surprising threads that connect your experiences

**Tip of Tongue**
Describe anything half-remembered and DeftBrain will help you recall

## Self & Reflection

**Where Did the Time Go?**
Make sense of the day that disappeared.

## Ideas & Imagination

**Alternate Path**
What if history went differently?

**Fan Theory**
Wild but defensible fan theories about anything

**Time Warp**
Collide anything modern with any historical period.

**Wrong Answers Only**
Ask anything — get a confidently, beautifully wrong answer

## Decisions

**Break My Plan?**
Find the weak spots in your plan before they find you.

**Decision Coach**
Get unstuck on a choice you keep going back and forth on

**Decision Prism**
See a tough decision from every angle

**Drive Home**
Evaluate your options before deciding to drive.

**Friendship Fade Alerter**
Notice which friendships are fading before they're gone

**Mise en Place**
Explore the cooking possibilities with what's available

**Not So Fast!**
You don't have to take "No" for an answer

**Small Change, Big Difference**
Review your routines and identify obstacles

**Ticket Tackler**
Got a ticket? See what kind of case you actually have.

**Which Life?**
Feel both futures before you choose.

## Tasks

**Batch Flow**
Your tasks, grouped so the day stops fighting you

**Tool Finder**
Tell me what you're dealing with — I'll find the right tool.
